

STREAT Youth Programs Application Form

Hi there! We're glad you have decided to apply for a course at STREAT. This application form asks a range of questions about you and your situation. This is so we can work out what it is we need to do to support you and so work effectively with other people who might be helping you. We don't judge you on your past. As far as we are concerned, a young person is full of potential. We want to help you create a better future! We also use this information (without your name or any other identifying details) for program monitoring and evaluation to make sure our programs are as effective as possible.

It's fine to have a worker or family member help you fill this form in, but make sure they are your answers! There is a consent form on the back page of this form – please sign this first so you understand what does and doesn't happen with your information.

Fees

STREAT's 20-week Main Course program includes a Certificate II TAFE qualification, a weekly Life Skills program, excursions, weekly work experience, meals when at STREAT as well as 1:1 support from our professional youth team. *This costs STREAT \$6,000 per participant.*

Entrée Course program includes eight weeks of work experience, meals when at STREAT as well as 1:1 support from our professional youth team. *This costs STREAT \$3,000 per participant.*

How does this all this get paid for? STREAT is 69% self-funded through the very same businesses that provide supported work experience to participants. We receive just under 1% of government funding and are grateful to a range of grants, philanthropic donations, fees and fundraising activities for the remaining 30%.

If a Main Course applicant has funds 'attached' to them to assist in their job readiness, personal development and/or job placement, STREAT will seek to receive a financial contribution. Please chat with our friendly Youth Program Co-ordinators about who we should speak to about fees (e.g. your Job Service provider). The fee will vary according to individual circumstances, including whether the participant is in receipt of a Health Care Card. However, we don't want any young person to miss out because they cannot afford the fees – please talk to us about what level of discount you might require.

We have a limited number of full scholarships for the Entrée and Main Course programs for young people who have no government funding that we can access. Please speak to our friendly Youth Program Co-ordinators if you might need a scholarship. Please do not let lack of funding get in the way of applying – we will do everything we can to help you.

Who should we talk to about fees?
